JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 8 August 1963

1. [] Advised George Murphy, Joint Committee on Atomic Energy staff, that someone must have made a mistake in talking with him about HIR 11-3-63 since the various agencies have not even submitted their views on this HIR and it is not scheduled for consideration until September or October. I told him I thought they must be referring to HIR 11-2-63 which would be forwarded to him tomorrow.

2. [] [] INR in State Department, called regarding an excerpt from State's proposed budget presentation. State wishes to use the text of this statement in an unclassified budget presentation. They have requested our advice on this matter and are also checking with DOD and the FBI. This matter was referred to [] [] who is directly involved with the substance of the report and who will resolve the question with []

3. [] [] called to say that John Conway, Staff Director of the JCAE, had talked with Mr. Knoche indicating the Chairman's wish to have Mr. McCone appear before the Joint Committee on Tuesday, 13 August to give his personal position regarding the test ban treaty. Later in the day, [] called and said they wished to withdraw this request. He said there had been a "change in signals". This was passed on to Mr. Knoche.

5. [] Delivered to the House Immigration Subcommittee staff blind memoranda prepared by CI Staff on [] and [] beneficiaries and interested parties in private immigration bills.

25X1 25X1 3. [redacted] CI Staff, called and is forwarding to us information on the [redacted] which he thought we might like to discuss with the House Committee on Un-American Activities.

25X1 25X1 4. [redacted] Talked with Jay Sourwine, Senate Internal Security Subcommittee staff, regarding Senator Eastland's letter requesting information on a number of "spy cases" and the Director's response indicating that we would be in touch. I advised Sourwine that for the most part, these cases involved American citizens or the activities of foreign nationals in the United States, neither of which came within the direct responsibility of this Agency but rather were cases handled by the FBI. Sourwine said their letter was merely sent as a catch-all so that they might obtain any information which we had and gave the impression that no pressure was involved in the Subcommittee's request. He did ask, however, if we had any information on these cases. He said the Subcommittee would be interested.
